

PETIQUETTE GUIDE FOR A PAWSOME STAY

PAWS OFF THE BEDS

Your human needs a good night's sleep to re-energise for all those walkies, so we ask for you to use your own, or nicely ask our reception team to borrow one of our comfortable ones (+ £5 charge).

KEEP GOOD COMPANY

Tell your owners not to leave you unattended in the room, this is for your own health and safety.

KEEP IT CLEAN

Poop it, scoop it! Your human is responsible for cleaning up after you in the hotel and neighbourhood.

NO BEGGING

Whilst we'd love to whine and dine you in our restaurant, this is a dog-free zone due to health and safety.

BE RESPECTFUL

Outside of your room, we ask for you to be on a lead, accompanied by your human.

We want you and all our hotel guests to have a great stay and sleep. We ask for you to be respectful as not everyone is comfortable around dogs, and not everyone is so keen on barking, so please refrain from giving us your woofs, no matter how tuneful.

As with our human guests, there may be a charge to cover any damages incurred throughout your stay.
